

Our GAB guided home schooling kicks off to a good running start!

Gabay Aral sa Bahay (GAB) is our version of distant learning for our children who do not have online schooling amenities like laptops or tablets nor WiFi. Our cell-phone-based classes only makes use of freebies like Messenger and YouTube.

Our 44 four-year-olds did face several serious challenges. Besides lack of facilities, many of their parents did not have the chance to advance their education. Study corners in their homes are also far from ideal. But we were committed to provide the best education we could, regardless of circumstances. And with the grace of God, it worked!

Both parents and children were happy!

The start of classes was mandated by the Department of Education. Cheska helps announce.

Study packs delivered to homes

We assembled study packs which consisted mainly of 90 worksheets and some school supplies, and delivered these to the children's homes. This is good for the first nine weeks of school until Christmas break.

Teacher Maribel's husband, Pastor Jason, volunteered to deliver to all those living in Antipolo. Former UCH parents, Silvestre and Remy, delivered to the children living in Taytay. The parents who were to be our close partners in the program were excited!

Writing by the sixth day!

We are so fortunate to have an outstanding teacher. Maribel is truly a miracle worker!
