

GAB guided home schooling beats our expectations!

We had some concerns when we started our Gabay Aral sa Bahay (GAB) which is our version of distant learning. Our children did not have adequate online amenities. We could only use cell phones and FB Messenger and YouTube. Most of them did not have decent study spaces in their austere homes. Moreover, many parents did not have the opportunity to have advanced education.

But halfway through the school year, everyone was still very happy with their GAB! Zero drop outs! God is good!

Teacher Maribel is a miracle worker! In four months the 4-year-olds began reading and writing simple words. More importantly, both parents and children remained enthusiastic with their daily lessons, building positive attitudes toward education.

We ask each parent to send in a picture of her child and his or her seatwork, everyday. This is part of the attendance report. At the same time we get necessary feedback on the children's wellbeing and their progress.

Software company SunFish DataOn donated Christmas bags for the children. These went out with the second batch of school material delivered to the children's homes in December.

Sharing their blessings!

A leading HR software provider headed by good friends George and Sri Coles, chose to share their blessings with our children. Everyone was very happy to get the special gifts with their study package deliveries!

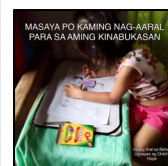

Good neighbor Pam Jimenez and her family also donated books and toys. These will certainly make a lot of children happy!

Building community!

The absence of face-to-face classes made relationship lessons more challenging. To fill the void, GAB assigns chores as homework, like help mom sweep the floors or water the plants, or take care of bunso. This Christmas, we also had the children make Christmas tree posters to share. It was a huge success!

Again, many thanks to you all who continue to encourage us to go on! You are living proof that the Spirit is with us!

Child's Hope is a non-profit, non-stock corporation dedicated to the belief that every child deserves the opportunity to develop into the person God has created him or her to be. Its mission school is located at Lotus Drive, Beverly Hills, Antipolo/Taytay, Philippines.
