

## 44 children complete school year 2020-2021!

In spite of many challenges, all forty-four children who started in October, finished their year with us! Thus the theme of this year's closing was: *Tagumpay ng Gabay Aral sa Bahay*.

Teacher Maribel is truly a miracle worker. Using only FB Messenger and YouTube, she conducted distant pre-school with everyone having fun while learning. The four-year-olds were reading and writing simple words in no time. But more importantly, the children helped their parents with house chores, and learned what community is all about.

We really miss having the children in the campus, playing and laughing together. But this distant schooling is for everyone's safety.

*This year's class picture had to be assembled into a collage of individual pictures submitted by the children's parents. These are extra-ordinary times indeed! Came out well, though.*

## Certificates of Completion

With prescribed health protocol strictly observed, the children's Certificates of Completion were given the parents who came to the school, one every 15 minutes. It felt a bit weird, but everyone was happy!

We asked for the children's pictures and the proud parents sent them in..

## What's next?

In the coming school year 2021-2022, we will still need to do distant schooling, as required by the situation. Enrollment starts in a few weeks. Everyone understands it will still be Gabay Aral sa Bahay!

Again, many thanks to you all who continue to encourage us to go on! You are living proof that the Spirit is with us!

Child's Hope is a non-profit, non-stock corporation dedicated to the belief that every child deserves the opportunity to develop into the person God has created him or her to be. Its mission school is located at Lotus Drive, Beverly Hills, Antipolo/Taytay, Philippines.
